

Robert Hewins

Robert is Director, Benelux for Pentacle, The Virtual Business School

About Pentacle People

Robert leads the Benelux project and programme management practice for Pentacle with the key objective of supporting clients make their transition to the New World successful, profitable and sustainable.

With senior management experience spanning multiple industries, a run as a dot com entrepreneur who persuaded investors to finance the transformation of ideas into a living, breathing company and as a dedicated business educator, Robert brings focus, clarity and effectiveness to businesses and organisations that are seeking understanding about how to achieve success in an increasingly complex world.

Robert has worked on business transformation, change management and large-scale business system deployment programmes with industry leaders including Canon, Avery Dennison, Time Warner, KPN Telecom, Swisscom and Rabobank. He has previously taught MBA and Executive MBA courses at the Rotterdam School of Management and Delft Technical University (Top Tech) in the Netherlands, and Keele and Lancaster University in the UK.

Based in the Netherlands, Robert and his team deliver Pentacle's unique Learning to Transform™ vision, approach and teaching style to clients in the Benelux.

Born and raised in Belgium, the United States, Canada and Bermuda, Robert is an International Yankee with a great fondness for travel, wine, food, technology and skiing.
